SYNOPSIS

Reference is made to the EPA Computer Forensic and/or Internet Investigative Support Request submitted by SA (b) (6), (b) (6), on July 28, 2015. The NCFL has completed the web capture of GPS tracking data from the US Fleet Tracking web site (usfleettracking.com), related to the investigation on Boyle Skene Water Corp.

DETAILS

On July 30, 2015, NCFL completed the web capture of GPS tracking data recorded by tracking unit 1219 on usfleettracking.com from January 8 to January 15, 2015. The information captured consists of still images and video files depicting the routes recorded by unit 1219. The files were sorted by file type, saved in folders containing files of similar types, and copied to a DVD.

The results DVD was scanned for malware and is safe for viewing. The DVD was shipped to (b) (6), on July 31, 2015, via UPS with tracking number 1Z31F0A80199896536.

This is the final report regarding the request for a web capture related to the above mentioned investigation.

At present, the NCFL retains copies of the captured digital evidence. At the conclusion of this investigation, notify the NCFL supervisor in writing so that our copy of the results can be disposed of in accordance with OCEFT policy and procedures.
